

CONFIDENTIAL

12 JUN 1975

MEMORANDUM FOR: Deputy Director for Administration
SUBJECT : DD Level Objective Statements, FY 1976

1. As requested, stated below are the Office of Medical Services Objective Statements for FY 1976.

a. Continued from FY 1975.

- (1) B-57203 Behavioral and Social Science (BSS) Objective - Assessment Center Technique.
- (2) B-57204 BSS Objective - "Sensing Devices".
- (3) B-57205 BSS Objective - "Career Commitment".

b. New Objective Statements.

(1) Devise systems and procedures to develop and establish a series of positive indicators against which program missions (functions) can be judged. (As issued by the DD/A for all DD/A offices.)

(2) Conduct a feasibility study on the incorporation of the Multiphasic Testing concept as a base for all current medical evaluation procedures (includes FY 1975 objectives B-57202 and B-57206). A successful study would permit the implementation of this program in FY 1976 at a rate compatible with progress in the computer support area.

(3) Institute a program, through the auspices of the Behavioral and Social Science Committee, on Counterterrorism that would include: Behavioral Science support and guidance to Agency employees and dependents, Agency components, and the Cabinet Committee Working Group; and preparation of guidelines for protective psychology and interdisciplinary research involving the study of terrorists, victims and negotiators.

(4) Review counseling programs and needs Agency wide, pointing to a better coordination of present efforts and augmentation of capabilities where necessary. (Joint with the Office of Personnel.)

CONFIDENTIAL

(SUBJECT: DD Level Objective Statements, FY 1976.

(5) Establish a Behavioral Science Center which will identify problems common to the offices within the DD/A and which may benefit from Behavioral Science analysis. Center would serve as a focal point for identification of resources (individuals/institutions, external/internal) in appropriate fields, monitor relevant DD level objectives, and serve as an action arm of the Behavioral and Social Science Committee.

2. Action plans, milestones and other data are being developed and will be provided in a subsequent memorandum.

SIGNED
JOHN R. TIETJEN, M.D.

JOHN R. TIETJEN, M.D.
